

Apple AirPods Pro(MQD83DN/A)

Apple AirPods Pro - 2a generation - True wireless-hörlurar med mikrofon - inuti örat - Bluetooth - aktiv brusradering - vit

Active Noise Cancellation for immersive sound. Transparency mode for hearing what's happening around you. A customizable fit for all-day comfort. Magic like you've never heard.

Säljargument

Active Noise Cancellation
More customizable fit and seal
Transparency mode
Spatial audio with dynamic head tracking
Amazing sound quality with Adaptive EQ
Sweat and water resistant (IPX4)
Easy setup for all your Apple devices
Case can be charged either wirelessly using a MagSafe charger or Qi-certified charger, or with the Lightning connector

Egenskaper

Magic like you've never heard

AirPods Pro have been designed to deliver Active Noise Cancellation for immersive sound, Transparency mode so you can hear your surroundings, and a customizable fit for all-day comfort. Just like AirPods, AirPods Pro connect magically to your Apple devices. And they're ready to use right out of the case.

Active Noise Cancellation

Incredibly light noise-canceling headphones, AirPods Pro block out your environment so you can focus on what you're listening to. AirPods Pro use two microphones, an outward-facing microphone and an inward-facing microphone, to create superior noise cancellation. By continuously adapting to the geometry of your ear and the fit of the ear tips, Active Noise Cancellation silences the world to keep you fully tuned in to your music, podcasts, and calls.

Transparency mode

Switch to Transparency mode and AirPods Pro let the outside sound in, allowing you to hear and connect to your surroundings. Outward- and inward-facing microphones enable AirPods Pro to undo the sound-isolating effect of the silicone tips so things sound and feel natural, like when you're talking to people around you. And Conversation Boost makes it easier to hear people during face-to-face conversations in noisy environments by focusing your AirPods Pro on the person talking directly in front of you.

Customizable fit

AirPods Pro offer a more customizable fit. With an internal taper, they conform to the shape of your ear, securing your AirPods Pro in place and creating an exceptional seal for superior noise cancellation.

MagSafe Charging Case

When it's time to charge, just set the case down on your MagSafe charger, or a wireless charging mat, and let it charge. And when you're away from a wireless charger, you can use the Lightning port to charge.

Amazing audio quality

A custom-built high-excursion, low-distortion driver delivers powerful bass. A superefficient high dynamic range amplifier produces pure, incredibly clear sound while also extending battery life. Spatial audio with dynamic head tracking places sound all around you. And Adaptive EQ automatically tunes music to suit the shape of your ear for a rich, consistent listening experience.

Even more magical

The Apple-designed H1 chip delivers incredibly low audio latency. A force sensor on the stem makes it easy to control music and calls and switch between Active Noise Cancellation and Transparency mode. Announce Messages with Siri gives you the option to have Siri read your messages through your AirPods. And with Audio Sharing, you and a friend can share the same audio stream on two sets of AirPods - so you can play a game, watch a movie, or listen to a song together.

Teknisk specifikation

Produktbeskrivning	Apple AirPods Pro 2a generation - True wireless-hörlurar med mikrofon
Typ av produkt	True wireless-hörlurar - Bluetooth

Kompatibilitet	iPhone,iPad,iPod,Mac
Rekommenderad användning	Bärbar elektronik
Ytterligare funktioner	Trådlös ljudledning
Färg	Vit
Hörlursmodell	Inuti örat
Trådlös teknik	Bluetooth
Bluetoothversion	Bluetooth 5.3
Ljudutgångsläge	Stereo
Ljudeffekter	Adaptive EQ
Active Noise Canceling	Ja
Operativt läge för mikrofon	Strålförstärkning
Kontroller	Volym,svara/avsluta,spela/pausa,nästa/föregående låt,röstassistent,ANC/öppenhet
Intelligent assistent	Siri
Tillverkarens garanti	1 års garanti

Utökad teknisk specifikation

Allmänt

Typ av produkt	True wireless-hörlurar - Bluetooth - trådlös
Generation	2a generation
Kompatibilitet	iPhone,iPad,iPod,Mac
Ytterligare funktioner	Trådlös ljudledning
Mått och vikt (komponenter)	Laddningsfodral:6.06 cm x 2.17 cm x 4.52 cm / 50.8 g
Bredd	2.18 cm
Djup	2.4 cm
Höjd	3.09 cm
Vikt	5.3 g
Färg	Vit
Rekommenderad användning	Bärbar elektronik
Skydd	Svettålig,IPX4,vattentålig

Ljudutgång

Hörlursmodell	Inuti örat
Anslutningsteknik	Trådlös
Trådlös teknik	Bluetooth
Bluetoothversion	Bluetooth 5.3
