care•Ness

Hand towel, ABENA Care-Ness Excellent, 3 layers, Z-fold, 24x20.6cm, 8 cm, white, 100% Cellulose

- ✓ Maximum absorbency
- ✓ Hygienic alternative to hand drying
- ✓ One-sheet-at-a-time function, which increases hygiene and reduces consumption
- ✓ Smart, elegant packaging

Product Description

This hand towel is the hygienic alternative to fabric towels and hot air dryers. The product is made from 100% Cellulose, which combines with the smooth surface and unique embossing to provide maximum absorbency and reduce consumption. The sheets are folded with one-sheet-at-a-time function, which both reduces consumption and improves hygiene.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

The EU Ecolabel, also known as the EU Flower, is the official environmental label in Europe. Products with the EU Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

POGI (Partnership for Public Green Procurement) is a community of municipalities, regions, and public organizations. The purpose is to make it easier for the public sector to buy environmentally friendly products.

The glass-fork-symbol guarantees that products live up to the demands stated in the European legislation for food contact materials. The symbol is not mandatory but advised on products used for food contact.
