

Padded Envelope Ecomax 17/G 230x340 Brown 100 pcs

Product Images

Short Description

Ecomax Premium® is a series of completely plastic-free padded envelopes for shipping and storing sensitive items. They are very light, which means lower shipping costs. The envelopes consist of 100% paper, and are biodegradable. They have several environmental labels - including the Nordic Swan Ecolabel.

Description

Ecomax Premium® are plastic-free padded envelopes for shipping and storing sensitive items. They are very light, which means lower shipping costs.

Ecomax Premium® are plastic-free padded envelopes for shipping and storing sensitive items. They are very light, which means lower shipping costs.

The envelopes are made of 6 layers of strong and water repellent uncoated paper. The inside is lined with a double protective layer of 100gsm bubbled paper, which both stiffens the envelope, dampens shocks, and prevents scratches, folds, and tear. The flap is applied with a strong hot-melt adhesive which ensures a durable closure. The side edges are wide and, together with the full lined bottom, this prevents the envelope from tearing. Can be used for electronic components, mobile phones, jewellery, gifts, documents, books etc.

The envelopes consist of 100% paper and are biodegradable. They have several environmental labels - including the Nordic Swan Ecolabel.

External dimensions: 250 x 350 mm

Internal dimensions: 230 x 340 mm

Weight per envelope: 45,95 g

Additional Information
