

Viking Brick Box 1100 ml Brown 1-Comp, 300 pcs/box (1 x 300 pcs)

The popular and versatile Viking concept combines FSC™-certified paperboard with a plant-based PLA bioplastic coating, making it one of the most convenient and sustainable take-away solution available. The lids pop open with no folding required while the boxes' tapered edges ensure strong leak-resistance – a significant advantage over conventional paperboard boxes. Two lids are available: a regular paperboard lid and a see-through lid with a PLA window. The range is grease- and water resistant and can be used for both hot and cold food. Safe to use in the microwave oven.

- Made from renewable material
- Made from FSC™ certified material
- Biobased lamination
- Excellent stackability
- Water & grease resistant
