

Declaration of Compliance

Version nr 22, 07.08.2026

1. Name and address of the business operator issuing the Declaration of Compliance:

Guillin Polska Sp. z o.o.
56-400 Oleśnica
ul. Przemysłowa 3

2. Name and address of the business operator manufacturing or importing plastic materials or articles, intermediate stages of their manufacture, or substances intended for the manufacture of those materials and articles:

Guillin Polska Sp. z o.o.
56-400 Oleśnica
ul. Przemysłowa 3

3. Identification of the materials, articles, intermediate products, or substances intended for the manufacture of those materials and articles:

Polypropylene (PP) film packaging, in transparent and coloured variants.

4. Date of declaration:

2026-08-07

5. Confirmation of compliance with legal requirements

We hereby confirm that the product complies with the requirements of the following regulations and standards:

- Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC
- Commission Regulation (EU) No 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food, as amended.
- Commission Regulation (EC) No 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food

- Commission Regulation (EU) 2024/3190 of 19 December 2024 on the use of bisphenol A (BPA) and other bisphenols and bisphenol derivatives with harmonised classification for specific hazardous properties in certain materials and articles intended to come into contact with food, amending Regulation (EU) No 10/2011 and repealing Regulation (EU) 2018/213
- Commission Regulation (EC) No 1895/2005 of 18 November 2005 on the restriction of use of certain epoxy derivatives in materials and articles intended to come into contact with food
- Commission Regulation (EU) 2025/351 of 21 February 2025 amending Regulation (EU) No 10/2011 on plastic materials and articles intended to come into contact with food, amending Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods, and repealing Regulation (EC) No 282/2008, and amending Regulation (EC) No 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food as regards recycled plastic and other matters related to quality control and manufacturing of plastic materials and articles intended to come into contact with food
- Regulation (EU) 2025/40 of the European Parliament and of the Council of 19 December 2024 on packaging and packaging waste, (amending Regulation (EU) 2019/1020 and Directive (EU) 2019/904, and repealing Directive 94/62/EC) to the extent applicable.

6. Overall migration and SML compliance verification

6.1. The products covered by this declaration comply with the overall migration limit (OML) in accordance with Commission Regulation (EU) No 10/2011 under the following test conditions:

Food simulant	Contact conditions	Migration limit (mg/dm ²)	Statement of Compliance
10% Ethanol	2 hours at 100°C	≤ 10	Pass
3% Acetic acid	2 hours at 100°C	≤ 10	Pass
Olive oil	1 hour at 121°C or 2 hours at 100°C	≤ 10	Pass

6.2. Based on suppliers' declarations, we confirm that substances used in the manufacturing process are subject to specific migration limits (SML) established in Annex I and II of Commission Regulation (EU) No 10/2011.

Name	FCM No.	Ref. No.	CAS No.	Specific Migration Limit (SML) [mg/kg]	Statement of Compliance
Zinc stearate	—	—	557-05-1	≤ 5	Pass
Octadecyl 3-(3-(3,5-di-tert-butyl-4-hydroxyphenyl)propionate	433	68320	2082-79-3	≤ 6	Pass
9,9-bis(methoxymethyl)fluorene	779	39815	182121-12-6	≤ 0.05	Pass
cis-1,2-cyclohexanedicarboxylic acid, salts	816	45704	—	≤ 5	Pass

7. Relevant information regarding substances subject to restrictions in food.

No substances classified as dual-use additives were intentionally used in the manufacture of the products covered by this declaration.

The total concentration of lead (Pb), cadmium (Cd), mercury (Hg), and hexavalent chromium (Cr VI) does not exceed 100 mg/kg.

No primary aromatic amines (PAAs) listed in Annex II of Commission Regulation (EU) No 10/2011 are present.

8. Requirements concerning substances present in packaging

PFAS assessment results in accordance with Regulation (EU) 2025/40.

Test Method	Unit	Criteria	Statement of Compliance
Total fluorine	mg/kg	≤ 50	Pass

The obtained results meet the requirements specified in Regulation (EU) 2025/40 (PPWR), i.e.:

- < 25 ppb – individual non-polymeric PFAS,
- < 250 ppb – sum of non-polymeric PFAS,
- < 50 ppm – total fluorine (TF)

9. Conditions of use of the material or article:

- (I) PP film products are intended for contact with all types of food.
- (II) The temperature range of use for PP products is from -10°C to +80°C for cold foods (standard PP material) and from -20°C to +120°C for hot foods (PP material with copolymer additive).
- (III) The products comply with the requirement of three successive overall migration tests (OML) in relation to reusable articles only.
- (IV) The product is suitable for freezing and heat sealing applications.
- (V) Recommended microwave heating conditions are up to 5 minutes in a microwave oven with a maximum power of 850 W. In order to maintain product performance, the external surface of the container must be clean prior to heating. Guillin Polska sp. z o.o. shall not be held responsible for any loss of functionality due to improper use.
- (VI) Surface area to volume ratio: 6 dm² : 1 kg of food.
- (VII) Recommended storage temperature: -10°C to +50°C. Shelf life: 24 months.

10. Where a functional barrier is used in a multilayer material or article – confirmation of compliance with Article 13(2), (3) and (4) or Article 14(2) and (3) of this Regulation:

No functional barrier is present.

The declaration has been issued on the basis of test results and supplier declarations relating to raw materials and components used in the manufacture of the products.

In accordance with Article 15(3) of Commission Regulation (EU) No 10/2011, “the declaration shall be renewed when substantial changes in the composition or manufacturing process occur that lead to changes in the migration levels from the materials or articles, or when new scientific data becomes available.”

Guillin Polska Sp. z o.o., as the business operator placing food contact materials on the market and issuing this declaration, undertakes to issue an updated version of this declaration without undue delay whenever such changes occur.
